# ***Suave***

Can bar tape really glow?  
Oh yeah it glows and the  
special felt finish on this  
cork tape will keep your  
hands happy as well.  
Great for being seen  
whether you're  
concerned for safety or  
just wanna turn heads.

Superior hand feel that you need to feel to believe.  
Winner of world cups, Cape Epics, and stages of La Ruta de Conquistadores.

- Aluminum Lock Rings
- 3mm Allen Screw

- Dual Density High Performance Rubber

“ We never had any slippage during our testing...  
Supacaz's compound proved to be tacky and soft...  
These grips offered enough damping to get away with  
wearing thin gloves or no gloves at all.... We did not see  
any wear issues after one month.

An absolute masterpiece,  
this cage screams style.

The Fly Cage Carbon's clean lines  
and hand painted edges really stand out.  
No cage outperforms the Fly Cage Carbon  
with it's lock tight yet accessible wings.
